## Bagachra CPS: at a glance

Rishilpi International Bangladesh works for improving the standard of living to the extremely poor, vulnerable, disadvantaged community. To promote the education rights of underprivileged children it has operated 45 Community Primary School (CPS) in the remote villages. Due to CPS intervention a visible change is appeared in the community that is the indicator of changes are:

- Increased literacy rate, children are enjoying their education rights,
- Children are no more exploited as child labor reduced,
- Early marriage rate is reducing, health and hygiene situation is improved,
- Socio-economic condition of the community is improved,
- Community is valued by the mainstream society.

## Key Achievement 2013

- **Students enrolled in CPS around the year are 55 (Boys- 28 & Girls 27)**
- **Promoted 28 students to Class-III and 27 students to Class IV.**
- **School attendece rate was 96%**
- **Parents meeting conducted and total of 55 parents attended the meeting**
- **CPS teachers attended monthly refreshers training regularly to improve the teaching quality**

### School Performance 2013

**Total number of 55 students attended the annual examination and 100% of students passed in the examination, they promoted to class next class**

### Progress of CPS

From 2011 good number of students completed primary education, junior school and high school level as well. Last three year total of 174 students enrolled in this school.

School dropped out rate significantly reduced and children are enjoying school

### Activities of Bagachra CPS

- Conducted assembly regularly.
- Ensure quality of teaching as follow the lesson plan
- Student's Performance Evaluation
- Class monitoring by Supervisor.
- Extra curriculum activities (music, Dance, drama, game etc.)
- Students follow up at home
- Special Coaching for slow learner.
- Special Care for Education (SCE) for CPS graduated students
- School Management Committee (SMC) Meeting
- Parents meeting
- Skill development training for teachers
- Education materials provided to the students

### Poor boy enjoying school

Shohag Hossen is a student of class-III. His family is extremely poor and his parents want to send their son other work for earning (like this elder brother). We conducted counseling to his parents and they agreed to send their child in school. He is now enjoying school. CPS made a change in his life. His parents are happy to have their son in school.

### **Conclusion:**

Rishilpi International Onlus aims to ensure quality of education for the underprivileged children. A significant change is appeared due to this intervention. CPS is one of the best ways for schooling the children. Community is very grateful to **BIANCA MONGE** and conveys their thanks and deepest gratitude to them for their compassionate love to the disadvantaged children of Bangladesh. Rishilpi International Bangladesh is also thankful to the beloved donors for generous support to operate the school.
