Indira CPS: at a glance

Progetto Uomo Rishilpi International Onlus Bangladesh works for improving the standard of living to the extremely poor, vulnerable, disadvantaged community. To promote the education rights of underprivileged children it has operated 45 Community Primary School (CPS) in the remote villages. Due to CPS intervention a visible change is appeared in the community that is the indicator of changes are:

- Increased literacy rate, children are enjoying their education rights,
- Children are no more exploited as child labor reduced,
- Early marriage rate is reducing, health and hygiene situation is improved,
- Socio-economic condition of the community is improved,
- Community is valued by the mainstream society.

A poor girl enjoying school

Sejotee Zerine is a student of class- I. She comes from a poor family. Her father work in field as like a day labor and earns a little amount of money. This money is not enough to bear her family expenses. Zerine thought she never could go to school. But now she is enjoying school with her school friends. She hopes that she would success in life. Her parents are happy to see him in school. She wishes to be a nurse in future.

Conclusion:

Rishilpi International Onlus aims to ensure quality of education for the underprivileged children. A significant change is appeared due to this intervention of community primary education. CPS is one of the best ways for schooling the children. Community is very grateful to **Progetto Uomo Rishilpi International Onlus** and conveys their thanks and deepest gratitude to them for their compassionate love to the disadvantaged children of Bangladesh. Rishilpi International Onlus Bangladesh is also thankful to the beloved donors for generous support to operate the school.
