## Jhaudanga CPS: at a glance

Progetto Uomo Rishilpi International Onlus Bangladesh works for improving the standard of living to the extremely poor, vulnerable, disadvantaged community. To promote the education rights of underprivileged children it has operated 45 Community Primary School (CPS) in the remote villages. Due to CPS intervention a visible change is appeared in the community that is the indicator of changes are:

- Increased literacy rate, children are enjoying their education rights,
- Children are no more exploited as child labor reduced,
- Early marriage rate is reducing, health and hygiene situation is improved,
- Socio-economic condition of the community is improved,
- Community is valued by the mainstream society.

### **A poor boy enjoying school**

Raj Gosh is a student of class-II. He comes from a poor family. His father work in field and earn a little amount of money. This money is not enough to bear his family expenses. Raj thought he never could go to school. But now he is enjoying school with his school friends. He hopes that he would success in life. His parents are happy to see him in school. He wishes to be a Police Officer in future.

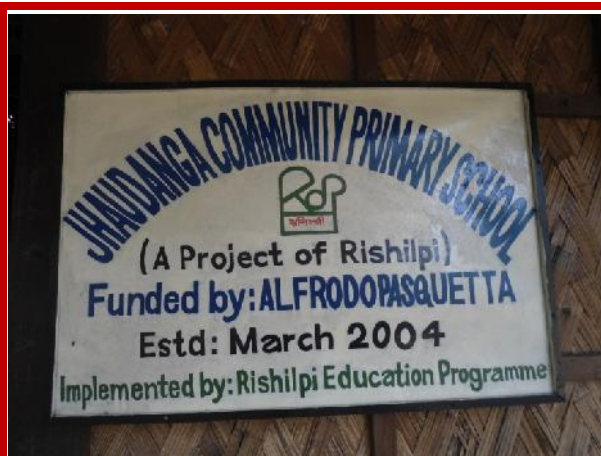

### **Conclusion:**

Rishilpi International Onlus aims to ensure quality of education for the underprivileged children. A significant change is appeared due to this intervention of community primary education. CPS is one of the best ways for schooling the children. Community is very grateful to Rishilpi International Onlus and conveys their thanks and deepest gratitude to them for their compassionate love to the disadvantaged children of Bangladesh. Rishilpi International Bangladesh is also thankful to the beloved donors for generous support to operate the school.
